Lyon, [date]

Objet : Letter of recommendation for [Prénom Nom]

Dear Admissions Committee,

I am writing to recommend [Prénom Nom] for admission to your Master's programme in Economics. I taught [him/her] in [two courses in macroeconomics] during the [2024–2025] academic year at Université Lumière Lyon 2, and I supervised [his/her] final-year research project on [the impact of minimum wage changes on youth employment].

In class, [Prénom Nom] stood out for the rigour of [his/her] quantitative analysis. [He/She] ranked in the top [5%] of a cohort of [120] students and produced a policy brief that compared three European labour market reforms with a clear, evidence-based argument. During the research project, [he/she] coordinated a team of four, set weekly milestones, and delivered the final paper ten days before the deadline.

Beyond academic results, [Prénom Nom] showed the leadership and communication skills required for an international programme. [He/She] presented the project in English to a panel of three examiners and answered questions on methodology with precision. I have rarely seen a student combine this level of autonomy with such attention to detail.

I therefore give [Prénom Nom] my highest recommendation. Please contact me at +33 4 78 69 70 00 or [email] if you need further information.

Yours faithfully,

[Prénom Nom]
